Overview

Capital Area Human Services District (CAHSD) was established by legislation in 1996 and enacted in 1997 to operate and manage publicly-funded, community-based programs and services for mental health, addictive disorders, developmental disabilities, and co-occurring disorders in the Louisiana Parishes of Ascension, East & West Baton Rouge, East & West Feliciana, Iberville, and Pointe Coupee. No one will be denied access to services because of place of residence, homelessness, or lack of a permanent address.

Nondiscrimination Notice CAHSD complies with applicable federal civil rights laws and does not discriminate on the basis of any non-merit factor, including race, national origin, color, religion, sex, sexual orientation, gender identity, disability (physical or mental), age, status as a parent, genetic information, veteran status, or military status.

We will work to help you identify and cope more effectively with problems you may be experiencing. Our staff includes psychiatrists, psychologists, social workers, counselors, nurses, psychiatric aides, community support coordinators, peer support specialists, and support staff. When you are admitted to our facility or program, you will be given a name of a designated staff member to coordinate your services. This staff member will be the contact person if you have any questions about your treatment.

Priority Notice Our addiction treatment programs give priority admission and preference to treatment in the following order: 1. Pregnant injecting drug users; 2. Pregnant substance abusers; 3. Injecting drug users; and 4. All others. Tell us if any of these conditions apply to you.

Charitable Choice CAHSD complies with the U. S. Substance Abuse and Mental Health Services Administration's (SAMHSA) two Charitable Choice provisions [Sections 581-584 and Section 1955 of the Public Health Service Act, 42 USC 290k, et seq., and 42 USC 300x-65 et seq., respectively] that allow religious organizations to provide SAMHSA-funded substance abuse services without impairing their religious character and without diminishing the religious freedom of those who receive their services. No provider of substance abuse services receiving federal funds from the SAMHSA may discriminate against a client or potential client on the basis of religion, a religious belief, a refusal to hold a religious belief, or a refusal to actively participate in a religious practice. If the individual objects to the religious character of this organization, federal law gives the individual the right to a referral to another provider of substance abuse services within a reasonable period of time after requested. The alternative provider must be accessible and have the capacity to provide substance abuse services of a value not less than the value of the services the individual would have received from the religious organization. When SAMHSA provides funding directly to another unit of government, such as a state or local government, that unit of government (e.g., CAHSD) is responsible for providing the alternative services.

You are responsible for helping us treat you. You will need to give us correct and complete information during the assessment process to help us determine the treatment that will be most helpful to you. You are also expected to play an active role in your treatment, including developing treatment plan goals, completing homework, and measuring your own progress as well as achievements. How many times you meet with us and how long we meet will depend on the type of professional staff member you are seeing and the recommended treatment services. We encourage you to involve family members or other members of your support system when possible. Unless a court orders you to participate in treatment, you may discontinue treatment at any time. However, we encourage you to talk with your counselor, social worker, psychologist, psychiatrist, case manager, or peer support specialist before leaving.

You can get help in the event of a crisis. In cases of crisis during clinic hours, you may walk into the facility or contact your assigned clinician. During after-hours, weekends, state holidays, and office closures, call the 24-hour crisis line at 225-923-1147. At any time, you can call 911 or go to the nearest emergency room.

Recovery-Oriented Services We provide our services based on your needs and on the belief that you can recover. We follow a trauma-informed care approach. Case management and peer support services are available. Treatment services include individual, family, and group therapy and counseling. Treatment services may also include the prescription and management of medication. It is very important that you: take the medication as prescribed; do not adjust or stop using your medication without the advice of your prescriber; tell us about any side effects that you experience from the medication; and tell us about any other prescribed or over-the-counter medications that you take. Call us during business hours before you run out of medication. We do not call in medication refills after-hours.

Referral Services When necessary, our staff will arrange referrals to other service providers or community resources. You may contact the following to locate treatment, get support, or apply for benefits:

Admission/Transition/Discharge We serve people who live in the surrounding area, have at least one diagnosable emotional, behavioral, developmental, mental, or substance use disorder as specified within the current *Diagnostic and Statistical Manual of Mental Disorders*, and would benefit from our services. People can refer themselves by contacting CAHSD or a referral source can refer people to CAHSD. Referral sources include and are not limited to healthcare providers, the legal system, employers, and schools. You are responsible for informing us if your assessment or treatment are court-ordered and notifying us in advance of your due dates for court reports. There may be out-of-pockets costs for court-related services that are not covered by insurances. Individuals are transitioned or discharged to other services within CAHSD or in the

community when they have met the goals of their treatment plan, are unwilling to follow the treatment plan, exhibit violent or disruptive behavior, decide not return or not to continue treatment within 30 days of admission, decide not to keep the first scheduled appointment with the assigned clinician following admission, decide not to return to treatment within 90 days of the last scheduled appointment, or the guardian does not allow the client to return to treatment within 30 days of admission or 90 days of the last scheduled appointment.

Ineligibility for Services and Appeal Procedure If you are found not eligible for services, then you will be provided the reasons verbally and in writing. At least three appropriate community resources, when available, will be provided to you to meet your needs. With the individual's consent, the family/support system and/or the referring entity is also informed of the ineligibility for service. When individuals are assessed as not being eligible for service, they have the right to appeal the decision by submitting a written request for a review by the Medical Director or physician designee.

Seasonal Respiratory Illnesses We make every effort to put your safety and well-being first by providing services while following health guidelines and expanding our telehealth appointments. Informed Consent to Treatment As part of the admissions process, we want to inform you about:

- Your responsibility to provide us with information as a condition of your admission into the program and your ongoing treatment;
- The nature of the proposed care, treatment, services, medication(s), interventions, or procedures;

- Reasonable treatment choices, discussed at the time of informed consent;
- Risks, benefits, and side effects related to your treatment, including the possible results of not receiving care, treatment, and services;
- When indicated, any limits on the confidentiality of information learned from or about you; and
- When indicated, potential problems about recovery or reuniting with your family.

Advance Directives If you are an adult interested in completing an advance directive for behavioral health treatment, then you will need to review the packet issued by the Louisiana Office of Behavioral Health (formerly called the Office of Mental Health) and the Mental Health Advocacy Service, titled Advance Directive for Mental Health Treatment, and available for download at the link below. For assistance with completing the advance directive, contact the attorneys at the Mental Health Advocacy Service (1-800-428-5432).

Your privacy is respected and valued by our staff. The Notice of Privacy Practices is required by the Health Insurance Portability and Accountability Act (HIPAA) and is included in this handbook. CAHSD complies with all applicable state and federal confidentiality requirements including and not limited to provisions of the HIPAA Privacy, Security, Enforcement and Breach Notification Rules, found at 45 C.F.R. Parts 160 and 164 and has established appropriate administrative, technical, and physical safeguards to protect the confidentiality of the data and to prevent unauthorized use or access to it. In addition, to protect your privacy, staff does not interact with clients on social networking sites.

Confidentiality of your behavioral health information is respected and valued by our staff. The information you provide and that we talk with you about is considered confidential and will not be released to others without your permission, unless 1) there is an emergency in which there is a danger to you or others, 2) required by law, 3) released for the purposes of providing and/or coordinating services with other CAHSD or Department of Health staff, or 4) for accreditation purposes. You may be asked to sign a release of information so that we may speak with others involved in your life about treatment issues. CAHSD complies with federal law and regulations regarding provisions of the confidentiality of Alcohol and Drug Abuse Patient Records codified as 42 U.S.C. 290dd-2 and 42 CFR Part 2 and has established appropriate safeguards that protect the confidentiality of client records.

42 CFR § 2.22 Notice to Clients of Federal Confidentiality Requirements Federal laws and regulations protect the confidentiality of substance use disorder client records. In summary, there are limited circumstances under which a 42 CFR Part 2 program may acknowledge that an individual is present or disclose outside the Part 2 program information identifying a client as having or having had a substance use disorder, such as during a bona fide medical emergency in which the client's prior written consent cannot be obtained, for the purposes of conducting scientific research when special provisions are met, and during audit and evaluation by a federal, state, or local governmental agency that provides financial assistance to a Part 2 program or other lawful holder, or is authorized by law to regulate the activities of the part 2 program or other lawful holder, or by a third party payer (e.g., Medicare, Medicaid, LaCHIP). Violation of the federal law and regulations by a Part 2 program is a crime and suspected violations may be reported to appropriate authorities consistent with § 2.4 (U.S. Attorney's Office for the Middle District of Louisiana, call 225-389-0443 or fax 225-389-0561, and SAMHSA Opioid Treatment Program Compliance Officers, call 240-276-2700 or email DPT@samhsa.hhs.gov). Information related to a client's commission of a crime on the premises of the Part 2 program or against personnel of the Part 2 program is not protected. Reports of suspected child abuse and neglect made under state law to appropriate state or local authorities are not protected.

Voter Registration In compliance with the National Voter Registration Act (NVRA), voter registration is available at CAHSD facilities to individuals seventeen years and one month (17.1) of age and older. Voter registration will be offered to all qualified individuals seeking services.

Attendance Expectations CAHSD programs may operate according to a scheduled appointment or walk-in format. CAHSD provides the option for scheduled and unscheduled appointments. Attending your appointments and following through with suggestions, recommendations, or homework assignments is an important part of the treatment process. For scheduled appointments, you are expected to notify us 24 hours in advance if you are unable to attend. Clients who miss appointments may lose their scheduling privileges.

Fees and Payment at Time of Service You will be provided with information about your financial obligations, fees, and financial arrangements including length of time benefits will be paid by payer source if this information is available at time of orientation and how updates of benefits will be provided. You are financially responsible for services rendered by CAHSD. Payment of copayments and/or charges incurred is due at the time of service unless other financial arrangements have been made prior to treatment. Your medical records may be sent to your payer on file in order to process claims on your behalf. You assign all benefits and payments from your insurance company or Medicaid/Medicare be directed to CAHSD for services rendered. If you choose to apply for the Client Assistance Program, then you must provide financial information within fourteen (14) days of admission for addiction recovery services or within thirty (30) days of admission for mental health services and annually thereafter to determine your fee amounts for appointments as well as eligibility for pharmacy assistance. You understand that if you fail to comply with this agreement, or if your account becomes delinquent, CAHSD may turn your account over to a third party company for collections. No one will be denied access to services due to an inability to pay. A sliding fee scale is available based on family size and income.

Requesting Copy of Records You may inspect or request a free copy of your protected health information (PHI) by submitting the written request form to your assigned clinician. A fee to copy your records will be charged to your attorney per Louisiana law R.S. 40:1165.1 and must be paid prior to receiving the records as follows, "...one dollar per page for the first twenty-five pages, fifty cents per page for twenty-six to three hundred fifty pages, and twenty-five cents per page thereafter, a handling charge not to exceed twenty-five dollars... and actual postage." If PHI is provided in a digital format, the same above rates can be charged, not to exceed \$100, including all postage and handling charges actually incurred. If requested, a certification page will be provided.

Consumer Complaint Process Your satisfaction (and that of your family) with the quality of our services is very important to us. You have the right, and we encourage you, to voice any complaints or concerns you have about the services you receive. The Consumer Complaint Process is posted in the waiting areas. We will review your feedback and will resolve any issues to your satisfaction, if possible. Making a complaint will not affect your ability to continue to receive services. The first step is to tell the staff person providing services to you about your complaint or you may go directly to the facility manager to resolve your concern. The manager will attempt to resolve your complaint, and if unable to resolve your concern, the staff will assist you in completing a Consumer Complaint Form that will be sent to the CAHSD Compliance Officer.

Staff Conduct CAHSD staff is expected to follow a code of conduct to ensure services are provided in a competent, respectful, and professional manner when serving clients and their families or representatives and when representing the organization within the communities we serve. All staff will perform their duties in compliance with federal, state, and local regulations, abide by the State Code of Governmental Ethics and CAHSD Organizational Ethics, and if applicable, the ethics codes for their professional credentials.

Service Animals CAHSD permits only legitimate service animals and service animals in training, as defined by the Americans with Disabilities Act of 1990, As Amended (ADA), on its premises; only dogs are included in the ADA definition of service animal under the applicable ADA Titles II and III. In addition, for general health and safety reasons, CAHSD does not permit “emotional support animals” or “therapy animals” on its premises that are not service animals as defined by the ADA. If you see a service animal team, always ask the handler for permission before interacting with the animal. Never treat the service animal like a pet; remember that they are working and need to be respected when on the job.

No Weapons CAHSD policy does not allow weapons in CAHSD facilities or on surrounding premises, except those carried by law enforcement officers acting in an official capacity.

Zero Tolerance for Violence CAHSD supports a violence free environment and does not use seclusion or restraints. CAHSD also does not tolerate threatening behaviors, harassment, or verbal or physical threats toward staff, clients, or visitors. Security/law enforcement will be notified to address the situation. We Respect You. Please Respect Our Staff. Abuse of or workplace violence against healthcare staff will not be tolerated and could result in a felony conviction under R.S. 14:38 or other applicable criminal laws.

Handling of Illegal or Legal Substances and Prescription Medication brought to CAHSD If any person is discovered to be in possession of alcohol or an illegal substance while on CAHSD premises, then security/law enforcement will be notified to address the situation. If any person appears chemically impaired at a level that reasonably indicates leaving the premises might cause harm to self or others, security/law enforcement will be notified to intervene as appropriate. Any over-the-counter or prescription medication left at any CAHSD facility or program by a person served will be disposed of as biohazard waste. CAHSD staff will attempt to contact the client before disposing the medication.

Tobacco and Smoking Policies The use of tobacco products and smoking are prohibited in CAHSD facilities and on surrounding premises except at Capital Area Recovery Program (CARP). Smoking is defined as the act of inhaling, exhaling, burning, carrying, or possessing any lighted tobacco product, including cigarettes, cigars, pipe tobacco, other lighted combustible plant material, other nicotine products, e-cigarettes, and smoking devices that expel a smoke or vapor. CAHSD strives to maintain a healthy workplace and productive environment for all staff, clients, and visitors. For that reason, CAHSD allows cigarette smoking at Capital Area Recovery Program only in designated outdoor smoking areas marked by signs. In continued efforts to promote a healthy environment, CAHSD offers smoking cessation assistance to those seeking to quit.

Health and Safety Practices A healthy and safe environment is promoted in all facilities where services are provided. Appropriate housekeeping, use of protective equipment, safe work practices, and regular inspections are used to maximize the health and well-being of persons served, visitors, and staff. All buildings are tobacco-free and this policy is regularly enforced. Staff is trained to provide first aid or basic life support, respond to emergency situations, and to take appropriate actions necessary to promote safety. Our staff will review your physical health needs and will make referrals to community resources when indicated. Be sure to let staff know if you have any symptoms of illness such as cough, rash, fever, night sweats, or other symptoms or if you need to request accommodations while receiving services. Proper hand washing and covering the mouth when sneezing or coughing are the best ways to prevent the spread of infection.

Emergency Preparedness and Response CAHSD uses a code system to alert clients, visitors and staff of emergency circumstances. In the event that a code is called while you are being served in one of our facilities, it will be identified as a real event or a drill. Our staff will assist you in getting where you need to go, such as another area inside the building or outside the building, and they will instruct you on what you need to do to remain calm and safe.

Clinic Closures Due to Hazardous Events When it is necessary to close CAHSD facilities or programs either fully or partially due to severe weather events, natural disasters, or other emergencies, notifications and instructions about the closures, medication refills, and crisis assistance will be provided through signs posted outside CAHSD facilities, recorded outgoing messages on the main phone numbers of CAHSD facilities and programs, and informational bulletins posted on the CAHSD website at <https://cahsd.org/>. When possible, CAHSD staff will call clients about unexpected closures.

Respect for Diversity

- We believe all individuals have intrinsic worth and make valuable contributions to our communities.
- CAHSD is committed to quality care for all CAHSD clients in need of mental health, addiction recovery and developmental disability services regardless of age, race, gender, ethnicity, sexual orientation, religion, disability, cultural origin, or their ability to pay.
- We continually evaluate the diversity of the individuals we serve in an effort to ensure that those served are representative of all individuals in need in our community.
- We respect the diversity of our employees. We strive to accept individual preference and respect individual differences.
- We strive to recruit, retain and develop culturally diverse workforce at all organizational levels of CAHSD who are representative of the individuals we serve.

Commitment to Cultural Competence

- We accept that every individual has an ethnicity, as well as a gender, sexual orientation, level of ability, age, and socio-economic status; therefore, every human interaction is a cross-cultural encounter.
- We respect the dignity and worth of all persons.
- We are committed to providing ongoing cultural competence training for all employees and administrators.

Notice of Privacy Practices of Capital Area Human Services District

This notice describes:

- HOW HEALTH INFORMATION ABOUT YOU MAY BE USED AND DISCLOSED;
- YOUR RIGHTS WITH RESPECT TO YOUR HEALTH INFORMATION; AND
- HOW TO FILE A COMPLAINT CONCERNING A VIOLATION OF THE PRIVACY OR SECURITY OF YOUR HEALTH INFORMATION, OR OF YOUR RIGHTS CONCERNING YOUR INFORMATION.

YOU HAVE A RIGHT TO A COPY OF THIS NOTICE (IN PAPER OR ELECTRONIC FORM) AND TO DISCUSS IT WITH THE CAHSD PRIVACY OFFICER AT 225-922-2700 AND SEEKING.HELP@LA.GOV IF YOU HAVE ANY QUESTIONS.

Capital Area Human Services District (CAHSD) provides many types of services. CAHSD staff must collect information about you to provide these services. CAHSD knows that information we collect about you and your health is private. CAHSD is required to protect this information by Federal and State law. We call this "protected health information" (PHI) as defined by the Health Insurance Portability and Accountability Act of 1996 (HIPAA).

This Notice of Privacy Practices tells you how CAHSD may use or disclose information about you. Not all situations will be described. We are required to give you a notice of our privacy practices for the information we collect and keep about you. CAHSD is required to follow the terms of the notice currently in effect. However, CAHSD may change its privacy practices and make that change effective for all PHI maintained by CAHSD. The effective date of this Notice of Privacy Practices is July 3, 2025.

CAHSD May Use and Disclose Information Without Your Authorization

- **For Treatment.** CAHSD may use or disclose information to health care providers who are involved in your health care. For example, information may be shared to create and carry out a plan for your treatment.
- **For Payment.** CAHSD may use or disclose information to get payment or to pay for the health care services you receive. For example, CAHSD may provide PHI to bill your health plan for services provided to you.
- **For Health Care Operations.** CAHSD may use or disclose information in order to manage its programs and activities. For example, CAHSD may use PHI to review the quality of services you receive.
- **Appointments and Other Health Information.** CAHSD may send you reminders for medical services, checkups, and eligibility renewal. CAHSD may send you information about health services that may be of interest to you.
- **For Public Health Activities.** CAHSD may disclose information to the public health agency that keeps and updates vital records such as births, deaths, and the tracking of some health issues and diseases.
- **For Health Oversight Activities.** CAHSD may use or disclose information to inspect or investigate health care providers.
- **As Required by Law and for Law Enforcement.** CAHSD will use and disclose information when required or permitted by Federal or State law or by a court order. If Federal or State law creates higher standards of privacy, CAHSD will follow the higher standard.
- **For Abuse Reports and Investigations.** CAHSD is required by law to receive and investigate reports of abuse, neglect or exploitation involving CAHSD clients and makes a report to the appropriate agency as indicated.
- **For Government Programs.** CAHSD may use and disclose information for public benefits under other government programs. For example, CAHSD may disclose information for the determination of Supplemental Security Income (SSI) benefits.
- **To Avoid Harm.** CAHSD may disclose PHI to law enforcement agencies in order to avoid a serious threat to the health, welfare and safety of a person or the public.
- **For Research.** CAHSD uses information for studies and to develop reports.
- **Disclosures to Family, Friends, and Others.** CAHSD may disclose information to your family or other persons who are involved in your medical care. You have the right to object to the sharing of this information, unless it is a personal representative.

Disclosures to LDH or other CAHSD Agencies

The Louisiana Department of Health (LDH) and CAHSD are business partners. Your PHI may be disclosed to LDH or other CAHSD agencies in order to provide treatment or for other reasons stated above. You have the right to object to this sharing of information; however, it may alter CAHSD's ability to provide you full services.

Other Uses and Disclosures Require Your Written Authorization

Any other uses and disclosures not described above will be made only with your written authorization. You may provide a single consent for all future uses or disclosures for treatment, payment, and health care operations purposes. You may cancel this authorization at any time in writing. CAHSD cannot take back any uses or disclosures already made with your authorization. Authorization is required for the following: Most uses and disclosures of psychotherapy notes; and Uses and disclosures of Protected Health Information for marketing purposes.

Other Laws Protect Your Protected Health Information

Many CAHSD programs have other laws for the use and disclosure of information about you. For example, your written authorization may be needed for CAHSD to use or disclose your mental health or substance use treatment records. For substance use treatment records: (1) Records, or testimony relaying the content of such records, shall not be used or disclosed in any civil, administrative, criminal, or legislative proceedings against the patient unless based on specific written consent or a court order; (2) Records shall only be used or disclosed based on a court order after notice and an opportunity to be heard is provided to the patient or the holder of the record, where required by 42 U.S.C. 290dd-2 and this part (42 CFR 2.22); and (3) A court order authorizing use or disclosure must be accompanied by a subpoena or other similar legal mandate compelling disclosure before the record is used or disclosed. Records that are disclosed to a substance use treatment part 2 program, covered entity, or business associate pursuant to the patient's written consent for treatment, payment, and health care operations may be further disclosed by that part 2 program, covered entity, or business associate, without the patient's written consent, to the extent the HIPAA regulations permit such disclosure.

Your Privacy Rights

- **Right to See and Get Copies of Your Records.** In most cases, you have the right to look at or get copies of your records. You must make the request in writing.
- **Right to Request to Correct, Amend, or Update Your Records.** You may ask CAHSD to change or add missing information to your records if you think there is a mistake. You must make the request in writing, and provide a reason for your request.
- **Right to Get Notice of a Breach.** You have the right to be notified upon a breach of any of your unsecured Protected Health information.
- **Right to Get a List of Disclosures.** You have the right to ask CAHSD for a list of disclosures. You must make the request in writing. This list will not include the times that information was disclosed for treatment, payment, or health care operations. The list will not include information provided directly to you or your family or information that was sent with your authorization. You have the right to an accounting of disclosures of electronic records under this part for the past 3 years, as provided in 42 CFR § 2.25, and a right to an accounting of disclosures that meets the requirements of 45 CFR 164.528(a)(2) and (b) through (d) for all other disclosures made with consent for the past 6 years. You have the right to a list of disclosures by an intermediary for the past 3 years as provided in 42 CFR § 2.24.
- **Right to Request Restrictions on Uses or Disclosures of Protected Health Information.** You have the right to ask CAHSD to restrict how your information is used or disclosed. You must make the request in writing and tell CAHSD what information you want to limit and to whom you want the limits to apply. You have the right to request restrictions of disclosures made with prior consent for purposes of treatment, payment, and health care operations, as provided in 42 CFR § 2.26. You have the right to request and obtain restrictions of disclosures of records under this part to your health plan for those services for which you have paid in full, in the same manner as 45 CFR 164.522 applies to disclosures of protected health information.
- **Right to Revoke Permission.** If you are asked to sign an authorization to use or disclose information, you can cancel that authorization in writing at any time. You can cancel an authorization verbally at any time, but you must cancel the authorization in writing within thirty (30) days for the cancellation to remain in effect. CAHSD cannot take back any uses or disclosures already made before an authorization was canceled.
- **Right to Choose How We Communicate with You.** You have the right to ask that CAHSD share information with you in a certain way or in a certain place. For example, you can ask CAHSD to send information to your work address instead of your home address. You must make this request in writing. You do not have to explain the reason for your request.
- **Right to File a Complaint.** You have the right to file a complaint with CAHSD at the address listed below and

with the United States Department of Health and Human Services (<https://www.hhs.gov/hipaa/filing-a-complaint/index.html>) if you do not agree about how CAHSD has used or disclosed information about you.

- **Right to Get a Copy of this Notice.** You have the right to ask for a paper or electronic copy of this notice.
- **Right to Receive Notice of Change to CAHSD Privacy Practices.** You have the right to receive notice of changes in CAHSD privacy practices that affect you on or after the effective date of the change. CAHSD is required by law to maintain the privacy of records, to provide patients with notice of its legal duties and privacy practices with respect to records, and to notify affected patients following a breach of unsecured records. CAHSD is required to abide by the terms of the notice currently in effect. For CAHSD to apply a change in a privacy practice that is described in the notice to records that CAHSD created or received prior to issuing a revised notice, CAHSD reserves the right to change the terms of its notice and to make the new notice provisions effective for records that it maintains. CAHSD will provide patients with the revised notice at their next appointment.

How to Review CAHSD Privacy Policies

You may review CAHSD privacy policies and related forms by going to www.cahsd.org and looking for the HIPAA Privacy Policy link. You may also contact the CAHSD Privacy Officer at the address listed at the end of this notice.

How to Contact CAHSD to Review, Correct, or Limit Your Protected Health Information (PHI)

You may contact the local CAHSD office which collects and maintains your protected health information or you may contact the CAHSD Privacy Officer at the address listed at the end of this notice to:

- ✓ Ask to look at or copy your records;
- ✓ Ask to limit how information about you is used or disclosed;
- ✓ Ask to cancel your authorization;
- ✓ Ask to correct or change your records; or
- ✓ Ask for a list of the times CAHSD disclosed information about you.

Your request to look at, copy, or change your records may be denied. If CAHSD denies your request, you will receive a letter that tells you why your request is being denied and how you can ask for a review of the denial. You will also receive information about how to file a complaint with CAHSD or with the U.S. Department of Health and Human Services, Office for Civil Rights.

How to File a Complaint or Report a Problem

You may contact the Privacy Office listed below if you want to file a complaint or to report a problem about how CAHSD has used or disclosed information about you. Your benefits will not be affected by any complaints you make. CAHSD cannot punish or retaliate against you for filing a complaint, cooperating in an investigation, or refusing to agree to something that you believe to be unlawful.
